Saggion-Paganello Fammi una domanda. Goldfish

April 13 - May 24 2019

opening: April 12, 6-22 pm

FAMMI UNA DOMANDA.

By tracing portions of journeys, reflections of time
and different places, we create synaesthesies that
tell us starting from partial signifiers.

We have always been and without being time.

We are images that are presences of us.

As if to say we are beyond what we compose.

Of why.

And now?

It will be a question you will ask me.

GOLDFISH

Like in a bag, like in a bubble. We look and we are
watched by blurred dreams of intimacy. The
water should be partially changed regularly. A point in
this story is always missing.

Think about whether every day a man should try to kill
the moon. The moon escapes. But think about whether
every day one should try to kill the sun. We were born
lucky. (Hernest Hemingway)

What you touch becomes gold. What you love dies.
